

# *Special Offer* - Exclusively for our Members

*\*New England Business Brokers Association\**

## **Save 10%**

### On Disability and Long Term Care Policies

NEBBA Members have these brand new benefits available now. Our Affiliate member John McGourty has enrolled us in MassMutual's Association Programs for both Disability and Long Term Care Insurance.

These are valuable member discounts for all of you! This Disability offer includes income replacement to age 65 or beyond as well as MassMutual's RetireGuard rider which protects the annual contributions an employee makes to their company's retirement plan. It also applies to Business Overhead Insurance to help cover the company's operating expenses including employee payroll, while an owner is out on a disability. Disability Buyout policies are included as well.

Long Term Care coverage is available to members, your spouses, your parents, and your children. With stackable discounts you and your spouse could save 40% on your combined policy premiums every year!
